## WORK EXPERIENCE

---

### **Payback Polska Sp. z o.o** – *Warsaw, Poland*

React Frontend Developer | Jul 2024 – Present

- Integrated reusable components using React with TypeScript.
- Implemented internationalization (i18n) and contributed to the development of a scalable design system.
- Collaborated on ensuring platform accessibility in compliance with WCAG AA standards.

### **Robiki Sp. z o.o (Startup)** – *Lublin, Poland*

Frontend Developer | Jun 2023 – Jul 2024

- Developed responsive UI components and pages using Svelte.
- Contributed to an in-house AI initiative by building features and APIs in Node.js.

### **Zoovu, Inc.** – *Wroclaw, Poland*

Junior Frontend Developer, Intern | Jul 2022 – Oct 2022

- Built interactive UI components using React with TypeScript.
- Supported the development of the company's internal component library for a centralized design system.

## PROJECT & ACHIEVEMENTS

---

### **AI Assisted Customer Product Search**

- Development of core components for facilitating the business application layer, and the creation of a business facing tool for the construction of optimized AI assisted customer product search

### **Localization And Internationalization**

- Implemented comprehensive internationalization (i18n) support across the entire platform, enabling seamless multi-language functionality and real-time language switching to enhance global user accessibility.
- Contributed to achieving WCAG AA accessibility compliance, enhancing usability for diverse users and ensuring inclusive access across the platform.

💡 *Additional personal projects are available on my [GitHub](#) and [portfolio](#).*

TECHNOLOGIES
